Comments

Thank you so much to Richard, Tony, Rachael, Kathy and others. You guys are terrific! This is a technology first presented to Federal Authorities in '98 and has been used since. Since it is well-known to so many State and Federal officials, we have been very slow to document it with a patent and that's been traumatic, to say the least. Without your help and support it would have also been impossible to get this e-version in. Thanks again.

Jonathan MIller
